Carlyle and the Private Equity Reporting Group (PERG) Guidelines

2021 Reporting Period
The Private Equity Reporting Group Guidelines for Disclosure and Transparency in Private Equity

• As a member of the British Private Equity and Venture Capital Association ("BVCA"), The Carlyle Group Inc. together with its affiliates ("Carlyle") has voluntarily undertaken to comply with the Private Equity Reporting Group Guidelines for Disclosure and Transparency in Private Equity ("PERG Guidelines").

• CECP Advisors LLP ("Firm") is a UK firm authorised and regulated by the Financial Conduct Authority and is part of the group of companies doing business as Carlyle. Information about Carlyle’s history and investment approach can be found at www.Carlyle.com. The Firm is a sub-advisor to a Carlyle US investment advisor. Under the PERG Guidelines, the Firm is considered to be a private equity firm and, as a result, the Firm is required to publish certain disclosures on a regular basis.

• The following individuals work for the Firm and are the most senior members of the management or advisory team: Heather Mitchell and Gregor Boehm. Biographies of these individuals are available at www.Carlyle.com.

• Similar to its peers in the private equity industry, Carlyle is cognisant of the fact that conflicts of interest may, at times, arise between it, its employees, and its limited partners. In light of this, Carlyle has addressed conflicts of interest in its policies and procedures and has implemented systems and controls to manage conflicts that it has identified. Carlyle also discloses various conflicts of interest in its annual, publicly available, Form 10-K filing with the SEC.

• Relevant UK Portfolio Companies (as defined under the PERG Guidelines) which were required to comply with the Walker Guidelines in 2021 were Mydentist (formerly Integrated Dental Holdings) and PA Consulting Group, both now exited.
